

Building Trust. Creating Landmarks.

Industrial | Civil
Turnkey Construction Solutions

An engineering-driven construction company delivering durable, efficient, and future-ready structures across residential, industrial, and infrastructure sectors.

Who We Are

HindNath Construction Pvt. Ltd.

is a professionally managed construction company engaged in delivering residential, industrial, and civil construction projects with a strong focus on Engineering accuracy and execution quality.

Our Identity

We are known for handling projects that demand structural reliability, functional efficiency, and long-term performance, making us a trusted partner for both private and industrial clients.

What Defines Us

Our work philosophy is built on planning, precision, and accountability, ensuring every project is delivered as promised.

OUR FOUNDATION & VALUES

Built on Strong Fundamentals

At HindNath Construction, every structure begins with strong fundamentals—technical understanding, site analysis, and structured planning.

Values That Guide Our Work

**Built on
Strong
Fundamentals**

**Responsibility
towards safety
and quality**

**Respect for
timelines and
commitments**

**Transparency
in communication**

These values shape not only our projects but also our long-term client relationships.

OUR APPROACH TO CONSTRUCTION

Engineering-Led Planning

We approach construction as an engineering process, where design coordination, material selection, and execution methodology are planned in detail before site execution begins.

Execution with Discipline

Our teams follow defined workflows, quality checks, and safety practices at every stage, ensuring smooth progress and controlled outcomes.

Client Collaboration

We work closely with clients, consultants, and vendors to ensure alignment throughout the project lifecycle.

Trusted by Our Valued Clients

OUR CORE SERVICES

End-to-End Construction Solutions

**Land Development &
Site Preparation**

**Warehouse & Factory
Shed Construction**

Turnkey Project Execution

Civil & Industrial Works

PEB & Heavy Fabrication

Machine Foundations

VDF Flooring & Road Works

All Construction Solutions

Each service is delivered following engineering standards, safety norms, and quality benchmarks to ensure durability and performance.

Modern Construction Resources

We are equipped with a wide range of modern construction machinery and tools, including:

Sr. No.	Description	Qty.	Unit
1	22m3 Cap. Batching Plant	2	Nos
2	LOADING CONCRETE	2	Nos
3	Concrete Mixture Machine Elec.	5	Nos
4	Concrete Mixture Machine Engine.	5	Nos
5	JCB	2	Nos
6	Concrete Pump (25 cum/hr)	2	Nos
7	Road Roller	2	Nos
8	Tower Hoist	2	Nos
9	Tractor Mounted Loader	2	Nos
10	Tractor Mounted Backhoe/JCB	1	Nos
11	Mini Batching Plant	1	Nos
12	Vibrator (Electrical)	5	Nos
13	Vibrator (Engine Type)	10	Nos
14	Single Phase Water Pump	5	Nos
15	Three Phase Water Pump	10	Nos
16	Jet Pump Three Phase	2	Nos
17	Submersible Pump	13	Nos
18	Earth Compactor	5	Nos
19	Tre-Mix Machine Set	5	Nos
20	Trowel Machine	1	Nos
21	Tractor with Trolley	10	Nos
22	Container (Bin Type)	4	Nos
23	Jeep Trolley	1	Nos

Sr. No.	Description	Qty.	Unit
24	Welding Set	5	Nos
25	Builder Hoist with Electrical Winch	2	Nos
26	Bar Bending & Cutting Machine	5	Nos
27	Grove Cutting Machine	3	Nos
28	Floor Grinding Machine	5	Nos
29	Tremix Flooring Machine	4	Nos
30	Concrete Hammering Drill Machine	15	Nos
31	Drill Machine (Hand Type)	10	Nos
32	Pneumatic Hammer (Jack Hammer)	3	Nos
33	Demolition Tool	8	Nos
34	Wood Cutter Machine	5	Nos
35	Circular Saw Machine	3	Nos
36	Air Compressor	3	Nos
37	Angle Grinder (Hand Type)	10	Nos
38	Transit Mixer	3	Nos
39	Tandem Vibratory Roller	1	Nos
40	Gas Cutter	2	Nos
41	Single & Three Phase Water Pump	10	Nos
42	Shuttering plates	1 Lacs	Sq.Ft. —
43	Shuttering Cup-lock System	100MT	—
44	M.S. Scaffolding Material	50MT	—
45	Dozer (D-7), DG Set 7.5 KV	1	Nos
46	DG Set 11 KV, DG Set 35 KV	1	Nos
47	DG Set 40 KV	3	Nos

Our infrastructure enables us to execute projects efficiently while maintaining quality and timelines.

LABORATORIES EQUIPMENT

Quality Testing & Measurement Infrastructure

To ensure consistent quality, accuracy, and compliance with construction standards, HindNath Construction Pvt. Ltd. maintains well-equipped laboratory facilities. These instruments support material testing, surveying accuracy, and quality control at various stages of project execution, enabling reliable and durable construction outcomes.

Sr. No.	Description	Qty.	Unit
1	Compression Testing Machine – Manual	2	Nos
2	Compression Testing Machine – Electronic	2	Nos
3	Dumpy Level	5	Nos
4	Auto Level	5	Nos
5	Theodolite	2	Nos
6	Physical Balance	4	Nos
7	Silt Testing Jar	5	Nos
8	Sieve Set for Aggregate	5	Nos
9	Sieve Set for 'C' Stams	6	Nos
10	Slump Cone	3	Nos
11	Cube Mould	100	Nos
12	Electronic Weighting Machine	12	Nos
13	Physical Balance (100 kg cap.)	3	Nos

Purpose of Laboratory Infrastructure

- ▶ Ensures accurate testing of concrete, aggregates, and construction materials.
- ▶ Supports quality control during all phases of execution.
- ▶ Helps maintain compliance with engineering and safety standards.
- ▶ Enhances structural reliability and long-term performance.
- ▶ Assists in precise surveying and measurement works.

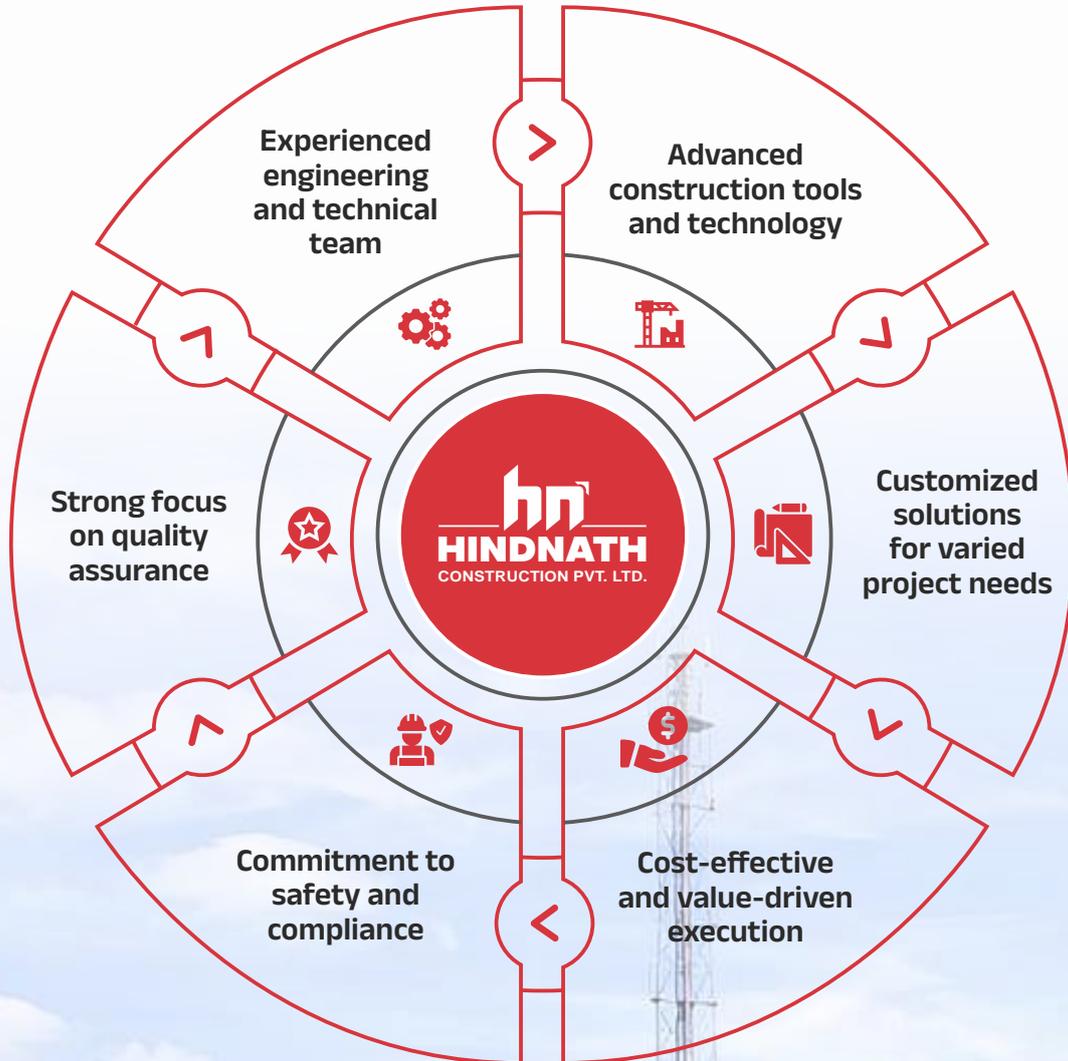

Commitment to Quality

Our laboratory equipment plays a critical role in maintaining construction quality, engineering precision, and safety compliance across all projects. Regular testing and monitoring help us deliver structures that meet both technical requirements and client expectations.

Note: All laboratory equipment required for project execution shall be deployed as per the final project schedule, technical requirements, and site conditions.

WHY CHOOSE HINDNATH

Our Key Differentiators

Our Vision

Our vision is to become a trusted and preferred construction partner, recognized for engineering excellence, quality execution, and long-term reliability. We aim to deliver construction solutions that meet present needs while remaining strong and relevant for future generations.

We strive to support industrial growth, infrastructure development, and community progress by creating safe, efficient, durable, and sustainable structures. Through continuous improvement, modern construction technologies, and responsible practices, we seek to build landmarks that reflect trust, professionalism, and lasting value.

Our Mission

Our mission is to deliver high-quality construction solutions through disciplined planning, precise execution, and advanced technologies, while maintaining the highest standards of safety, quality, and compliance.

By understanding client requirements, offering cost-effective solutions, adhering to timelines, and ensuring transparent communication, we aim to build long-term relationships and consistently exceed client expectations.

Our Projects

HindNath Construction Pvt. Ltd. has successfully delivered a wide range of industrial, commercial, and institutional projects, showcasing strong engineering expertise and disciplined execution with a focus on quality, safety, and timely completion.

Selected Project Experience

Anaya Steel Work Plant, Dharwad (Karnataka)
Industrial Facility – Approx. 80,000 sq. ft.

Benkar Warehouse, Khedshivapur, Pune
Warehouse & Factory Shed – Approx. 50,000 sq. ft.

Sai Packaging Pvt. Ltd.
Industrial Shed & Civil Works

Benkar Warehouse, Khedshivapur, Pune
Security Cabin Construction

B. K. Chavan Junior College,
Dhayari, Pune

Fleetguard Filters Pvt. Ltd., Nandur
Industrial Facility – Approx. 50,000 sq. ft.

Bandoji Khandoji Chavan High School
Dhayari, Pune

SMC Logistics Pvt. Ltd. Mumbai
Large Logistics & Warehouse Facility –
Approx. 2 Lakh sq. ft.

QUALITY CONTROL & SAFETY

Quality Assurance

Quality is maintained through systematic inspection, testing, and monitoring using in-house laboratory and testing equipment such as compression testing machines, surveying instruments, and concrete testing tools.

Safety as a Core Value

We follow strict safety protocols, PPE compliance, and site safety practices across all projects.

Safety Milestone:
15 MILLION
safe man-hours achieved
(as of 1 January 2026)

**ZERO ACCIDENT
SAFETY POLICY**

PERSONAL PROTECTION EQUIPMENT

**Delivering strength,
precision, and trust
in every structure
we build.**

The logo features the lowercase letters 'hn' in a bold, black, sans-serif font. The 'h' and 'n' are connected at the top. A small red square is positioned at the top right of the 'n'. Below the 'hn' is a horizontal line. Underneath the line, the word 'HINDNATH' is written in a large, bold, red, sans-serif font. Below 'HINDNATH', the words 'CONSTRUCTION PVT. LTD.' are written in a smaller, bold, black, sans-serif font.
